Question:

I have a fault code on the unit LEDs, what does it mean?

'E' Unit Alarm Codes

LED			Flash Rate ON/OFF (seconds)	Sounder	Condition	Status
Red	Amber	Green				
(1)			ON	OFF	In Operation	Normal
(1)	☼		ON	OFF	Heating Demand	Normal
(1)		❄	ON	OFF	Cooling Demand	Normal
(1)			0.5 / 5.0	OFF	Standby	Normal
(1)			0.5 / 15	OFF	Clock Controlled Standby	Normal
(1)			2 x 0.5 / 15	OFF	Setback	Normal
(1)			0.5 / 0.5	OFF	Filter Clean Advisable*	Normal
	☼		0.5 / 0.5	BEEPS	Network Warning	Call Engineer
		❄	0.5 / 0.5	BEEPS	High Condensate Level	Call Engineer
(1)	☼		0.5 / 0.5	BEEPS	Low Pressure Warning	Call Engineer
(1)		❄	0.5 / 0.5	BEEPS	High Pressure Warning	Call Engineer
(1)	☼	❄	0.5 / 0.5	BEEPS	Contactor Overload Operated	Call Engineer
	☼	❄	0.5 / 0.5	BEEPS	Outdoor Fan Fail	Call Engineer
(1)	☼	❄	ON	BEEPS	Sensor Fault	Call Engineer

*To clear the "Filter Clean Advisable" indication: Press and hold both UP and DOWN arrow keys and the Orange
TRANSMIT BUTTON with the handset 'powered up', (all 3 buttons are pressed at the same time).
