REFRIGERANT CHARGE R513A						
SPC-GCW	**30**	**48**	**82**	**122**	**170**	**230**
Refrigerant charge up to 6m (grams)	1175	1230	1300	1350	2100	2100
Additional charge per metre (grams)	20	20	20	20	20	20
Max. pipe run incl. max. 8m riser	20m	20m	20m	20m	20m	20m

NOTES	
*	Pipe sizes shown are applicable for pipe runs up to 20m (including a maximum 8m vertical). Good refrigeration practice should be applied regarding oil traps etc. For longer pipe runs contact Heronhill.
#	An optional internally mounted condensate pump is available (code: KPR-UF).
Δ	Water connection requires a KLPWSECU-XJ Water Connection Kit. A 15mm mains water supply should be provided locally to the indoor unit position. The final connection is made with ¼" micro-bore pipe included in the kit.
